I'm ok, are you ok

National Prevention Week Online Forum

A Doctor's Perspective on Marijuana: the Developing Brain and Addiction

Presenter: Dr. Molly Rossignol, Addiction Specialist

Date: Wednesday, May 13th, 2020

Time: 3:00PM-4:00PM

Location: Zoom

Please join Dr. Rossignol from CMC and Makin' it Happen for a Prevention Week forum about the effects of Marijuana on youth. Dr. Rossignol will discuss the development of the brain and review general concepts of addiction. This discussion will give better understanding of how developing brains respond to addictive substances along with approaches to prevention and intervention in this population.
